Introduction

This guide will introduce you to all the features available in the CECAM event management tool. The guide is a living document and we look forward to improving it based on your experience and input. If you have specific questions, please email the CECAM Event Manager at aude.failletaz@epfl.ch.

Before going into further details, please note that adding abstracts and building the program require steps to be performed in a specific order. The sequence that needs to be followed is:

1. [Accept participants](#)
2. [Identify speakers](#)
3. [Add or accept abstracts](#)
4. [Create program](#)

The rest of the management actions for your event can be performed in any order.

Accessing your event

To access the event you are organising, login with your CECAM credentials [here](#). Once logged in, you will land on your Dashboard. Go to the section “My upcoming events as an organiser” and click on the pencil at the right of the table.

The screenshot shows the CECAM dashboard interface. On the left is a dark sidebar with navigation options: Dashboard (highlighted with a red box), My Proposals, Events, My events as an organiser, My events as a participant, and All upcoming events. The main content area is titled 'Dashboard' and contains a section 'My upcoming events as an organiser' with a table. A red arrow points to a pencil icon in the 'Status' column of the first row.

Id	Workshop Name	Location	Type	Date	Organizers	Status
979	Testing workshop	CECAM-Lugano, Switzerland	Flagship Workshop	2025-03-04 2025-03-07	Bogdan Alexandru Nichita Sara Bonella Nathalie Carminati Bogdan Nichita Ella Faillétaz	Attending 

Details tab

In this tab you can see the general information and the description of your event. The content you'll see upon first entry is based on the accepted proposal. You can modify it via the Edit Details button (see below).

Basic information & description

In this section, you can modify the logo and the description of your event. The event configuration, location and dates can only be modified by the CECAM team, please email aude.failletaz@epfl.ch to discuss potential changes.

The title, dates, location, description and references will be displayed on your event's public webpage.

Participants tab

In the "Participants" tab, you can manage the organisers' and attendees' participation. You can also add other organisers if they have not been entered by CECAM. If need be, a coordinator, i.e. someone who will help you with administrative tasks but not who will not attend the meeting, can also be added.

Opt-in / Opt-out of applications' notifications

By default, organisers and coordinators receive an email each time a potential participant submits their application. It is however possible to deactivate these notifications for each of the organisers and coordinators individually.

Click on the three dots in the "Actions" column for the person you would like to deactivate (or reactivate) this option for and on "Manage organiser/coordinator".

This will open a pop-up window, including a radio button called "Get email from applicants?". By default, "Yes" will be ticked. To stop receiving the emails, click "No" and save.

This can be reversed at any time by following the same process and selecting "Yes" again.

Manage organiser ✕

Accept/reject applications

Applications received through the CECAM website will be listed under the “Participants” section and their status will appear as "waiting" by default. You can accept or reject applications by clicking on the three dots at the right of the table and selecting "Accept" or "Reject". Depending on the configuration of your event, the “Accept” button will mention “on-site” or “on-line”.

Dear Guy Byron,

We are pleased to inform you that the organizers of the Flagship Workshop "Testing workshop" taking place on 04th Mar 2025 to 07th Mar 2025 at CECAM-Lugano, Switzerland have added you to the list of accepted

Once the email is sent email sent”.

ptance/rejection

Id	Name	Affiliation	Country	Status	Attendance type	Acceptance/rejection email sent	Support	Speaker	Actions
1	Guy Byron	CECAM	Switzerland	Accepted	onsite		Supported		

Accepted participants automatically appear in the public participant list on the website.

Accept/reject multiple participants

If you would like to accept or reject multiple participants at the same time, select the participants by ticking the corresponding box at the left of the table.

	Id	Name	Affiliation	Country	Status	Attendance type
<input type="checkbox"/>			EPFL	Switzerland	Accepted	onsite
<input checked="" type="checkbox"/>	2		EPFL	Switzerland	Accepted	onsite

Then, scroll down to the bottom of the table and select “Accept” or “Reject” in the “Action” drop-down menu.

Showing 1 to 2 of 2 entries

Action

- Make speaker
- Accept onsite
- Reject

This will change the status of all selected participants and will open a pop-up window with the acceptance/rejection template, as explained above for the individual acceptance/rejection process.

Add participants

Individual participant

If you would like to add an individual participant that has not applied yet, click on "Add a participant".

Participants

The acceptance process will then be the same as explained [above](#).

Multiple participants

If you would like to add multiple participants at once, click on “Import multiple participants” at the bottom of the table.

Participants

Clear all filters

Filter participants by status

Any

Filter participants by attendance type

Any

Search:

Id	Name	Affiliation	Country	Status	Attendance type	Acceptance/rejection email sent	Support	Speaker	Actions
1	Guy Byron	CECAM	Switzerland	Accepted	onsite				⋮
2	Bogdan Alexandru Nichita	EPFL	Switzerland	Waiting	online				⋮

Showing 1 to 2 of 2 entries

A pop-up window will open. Download the Excel template (do not use any other templates) and fill it in with the participants first name, last name, email, if they are a speaker and their attendance type (all fields are mandatory). Speaker and attendance type can be changed later in the participants tab if need be. Once ready, upload the file through the “Choose file” button and click on “Save participants”.

Import participants

With this tool you can import an Excel file with a list of participants, instead of adding them one by one. Please download and fill (all field are mandatory) the template below. Please do not use any other file than our template. The system will search for participants by email addresses and if found, add them as an accepted participant. If an email is not yet in our records, you will be notified and you will have to add that person manually.

Upload Excel file

template_import_participants_final.xlsx

A green box with the summary of your import will appear. Participants successfully added will be listed in “New participants added”, participants that were already in the list will be mentioned in “Participants already listed” and attendees that were not added, because they do not have a CECAM account yet, will be included in “Participants not found, to be added manually”. For the latter, please add them individually, as described [above](#).

Import was successful.

Total number of participants scanned: 2
 New participants added: 2
 Participants already listed: 0
 Participants not found, to be added manually: 0

The participants that were successfully added will automatically be marked as “accepted” and their attendance type will correspond to the one selected in the excel file.

Add a coordinator

The same process applies for adding a coordinator: start by clicking on “Add a coordinator”.

Coordinators

You can add an event coordinator. He/She has organiser rights. This person can attend the event or may just do administrative work for the event.

Id	Name	Affiliation	Country	Status	Actions
No data available in table					
 <input data-bbox="1268 667 1473 723" type="button" value="+ Add a coordinator"/>					

Search the person in the pop-up window or add a person to the database, as explained above for participants.

As a default, coordinators will have the status “Not attending” as this role is meant for administrative support. However, you can change her/his status by clicking on the three dots as explained [above](#).

Filter participants

You can filter participants by their status by selecting “waiting”, “accepted”, “cancelled” or “not accepted” in the drop-down list and clicking on “Filter”. In a hybrid setting, there is also a filter for attendance type “on-line” or “on-site”. To come back to the full list of participants, click on “Clear all filters”. You can also search participants by name using the “Search” box.

Participants

Filter participants by status

Filter participants by attendance type

Search:

Manage accepted participants

Once a participant is accepted, you can manage their details by clicking the three dots at the right of the table and then on "Manage participant" (pencil icon on the dropdown menu).

Yes No

General Notes

Notes from participant

Save

On-site

If the workshop is taking place in person, in addition to the entries mentioned for On-line events, you will be able to manage the following details for each attendee.

First, you can verify the arrival and departure dates that he/she has indicated and check for inconsistency with respect to the program.

Manage participant ✕

Name : Guy Byron

Country : Switzerland

Affiliation : CECAM

Is the affiliation correct? If not you can contact the participant [here](#).

Speaker

Yes No

Arrival date:

03-03-2020

Departure date:

05-03-2020

Then, you can choose if this person is supported or not by choosing from the drop-down menu “Supported?”. If you are still unsure whether the budget will be sufficient, you can keep the status as pending and modify it later.

If a participant is supported, tick for which expense he/she will be supported (possible to tick all boxes):
 A. Hotel, B. Per diem and C. Travel.

Supported ? Pending

A.Hotel

Nights covered by the event **Participant nights :**

Hotel Choose hotel

Night rate

Participant's total

Hotel notes

B.Per diem

Amount / day **CHF (between 10 and 50 CHF)**

No of days

C.Travel

Estimated amount **CHF (if outside CECAM rules, please justify in general notes)**

A. Hotel

The hotel and night rate will be pre filled-in by the Event Manger. However, if there is more than 1 hotel booked for this event, you can choose in which hotel a specific participant will stay using the drop-down menu "Hotel". The number of nights covered by CECAM and, as a result, the total amount the participant needs to pay (if applicable) will be automatically entered as the maximum mentioned in CECAM workshop/school guidelines. You can then manually increase or decrease the number of nights covered by the event depending on the budget. If the participant has entered any specific request (ex: her/his spouse or family are accompanying them), this will appear in "Hotel notes".

B. Per diem

If budget allows, you can allocate per diems to participants by entering the amount per day and the number of supported days.

C. Travel

In the box "estimated amount", you can enter the maximum contribution to the participants' travel expenses. Please refer to our workshop/school guidelines for maximum amounts.

Then, you will see whether the participant has confirmed her/his presence to the social dinner in the section “Attending dinner”. This will be a reflection of the choice the participant has made in the tab “my participation”.

**Attending
dinner**

Yes No

If necessary, you can add specific notes in the “General notes” section.

Finally, if the participant has provided comments or entered any dietary restrictions, this information will appear at the end of the window, respectively in “Notes from participant” and “Display requirements”.

General Notes

**Notes from
participant**

**Display
requirements**

Hybrid

In a hybrid setting, the participant management window will adapt to the individual type of participation. Please refer to [this section](#) for a participant joining on-line and [this section](#) for an on-site participant.

Abstracts (posters & talks) tab

This tab allows you to manage the talks and posters submitted by the participants as well as to add new ones if you need to.

Filter

Talks and posters can be filtered by their status "waiting" "accepted" or "rejected". Each table has its own filter. First, select the status in the drop-down menu by clicking in the arrow on the left of the "Filter" button. Then click on the "Filter" button.

To remove the filter, select "Any" and click on the "Filter" button again.

Title

Tuesday March 4th 2025 - Day 1

Session1

Build the program

Different agenda items can be added by clicking on the 3 dots (in the column "Action"). Each agenda item will appear as a new line.

You can add:

- a day;
- a header, with or without timeslot;
- a chairperson or a subheader;
- a simple agenda item, with two options:
 - "Add an item" will add a drop-down menu with standard agenda items such as a lunch, a coffee break or a talk by one of your speakers (after having accepted her/his abstract as explained [here](#)).
 - "Add an item (free text)" will add a blank cell for you to write your own item.

For each agenda item, you will be asked to indicate start and end time.

Documents tab

This tab contains all uploaded documents, including the ones that participants submit in their "my participation" tab. It has the following sub-sections:

- Booklet;
- Presentation;
- Files;
- Links & videos.

Booklet

The Event Manager will extract a booklet including the program, the book of abstracts and the list of participants and send it to organisers for review. Once finalised, the booklet will be uploaded here in PDF format. This document will be visible to all participants and will also be displayed on the public webpage for the event, in the documents tab.

Additional sponsor tab

If you have secured additional funding from another institution, you must add it in this tab.

Add a sponsor

Click on “Additional sponsor”.

A pop-up window will open for you to fill. Start by searching the organization in the drop-down list. If you cannot find it, please select “other” and fill in the boxes below with the name (mandatory), website and logo from the organization. Then, enter the amount of sponsorship agreed (in CHF) and click on “Save”.

The logo and name of the sponsor will appear on your event’s public webpage, under the event’s title.

The budget ravel. Each line recaps the expenses that you have associated to each participant in [this section](#).

Budget

Type	Participant	Arrival	Departure	Total nights	Nights covered by the event	Total hotel costs covered by the event	Travel	Per-diem	Total
00	Aude Falletaz aude.falletaz@epfl.ch	2022-02-06	2022-02-09	3	3	415.50 CHF	<input type="text" value="150"/> CHF	60.00 CHF	625.5 CHF

Then, the budget table shows general costs for the event such as coffee breaks, fruits, poster refreshment, dinner, cleaning and, if applicable, various (for example a poster prize or expenses for a special software, e.g. Gather.town for on-line events). Average costs for these items can be found in the document “CECAM workshop/school guidelines”, available in the [Lausanne HQ section](#) of our website.

At the end of the table, you will see the total costs and the total budget, including any additional sponsorship you might have secured.

Coffee breaks							675.00 CHF	
Fruits							141.00 CHF	
Poster refreshment							450.00 CHF	
Dinner							2100.00 CHF	
Cleaning							480.00 CHF	
Various							100.00 CHF	
7 Total 4 participants, 3 organisers,			14	2	278.20 CHF	0.00 CHF	0.00 CHF	4224.20 CHF
Total Budget							12000.00 CHF	

Tools tab

In this tab, you will be able to extract a participant list and send emails to specific mailing lists.

Participants list

By clicking on the button “Participant list”, you can extract an Excel file including: participants’ names, affiliations and email addresses. Any specific note you or the participant might have entered will also appear in this file.
